

# Experts at Point of Use Dispensing

---

Vending

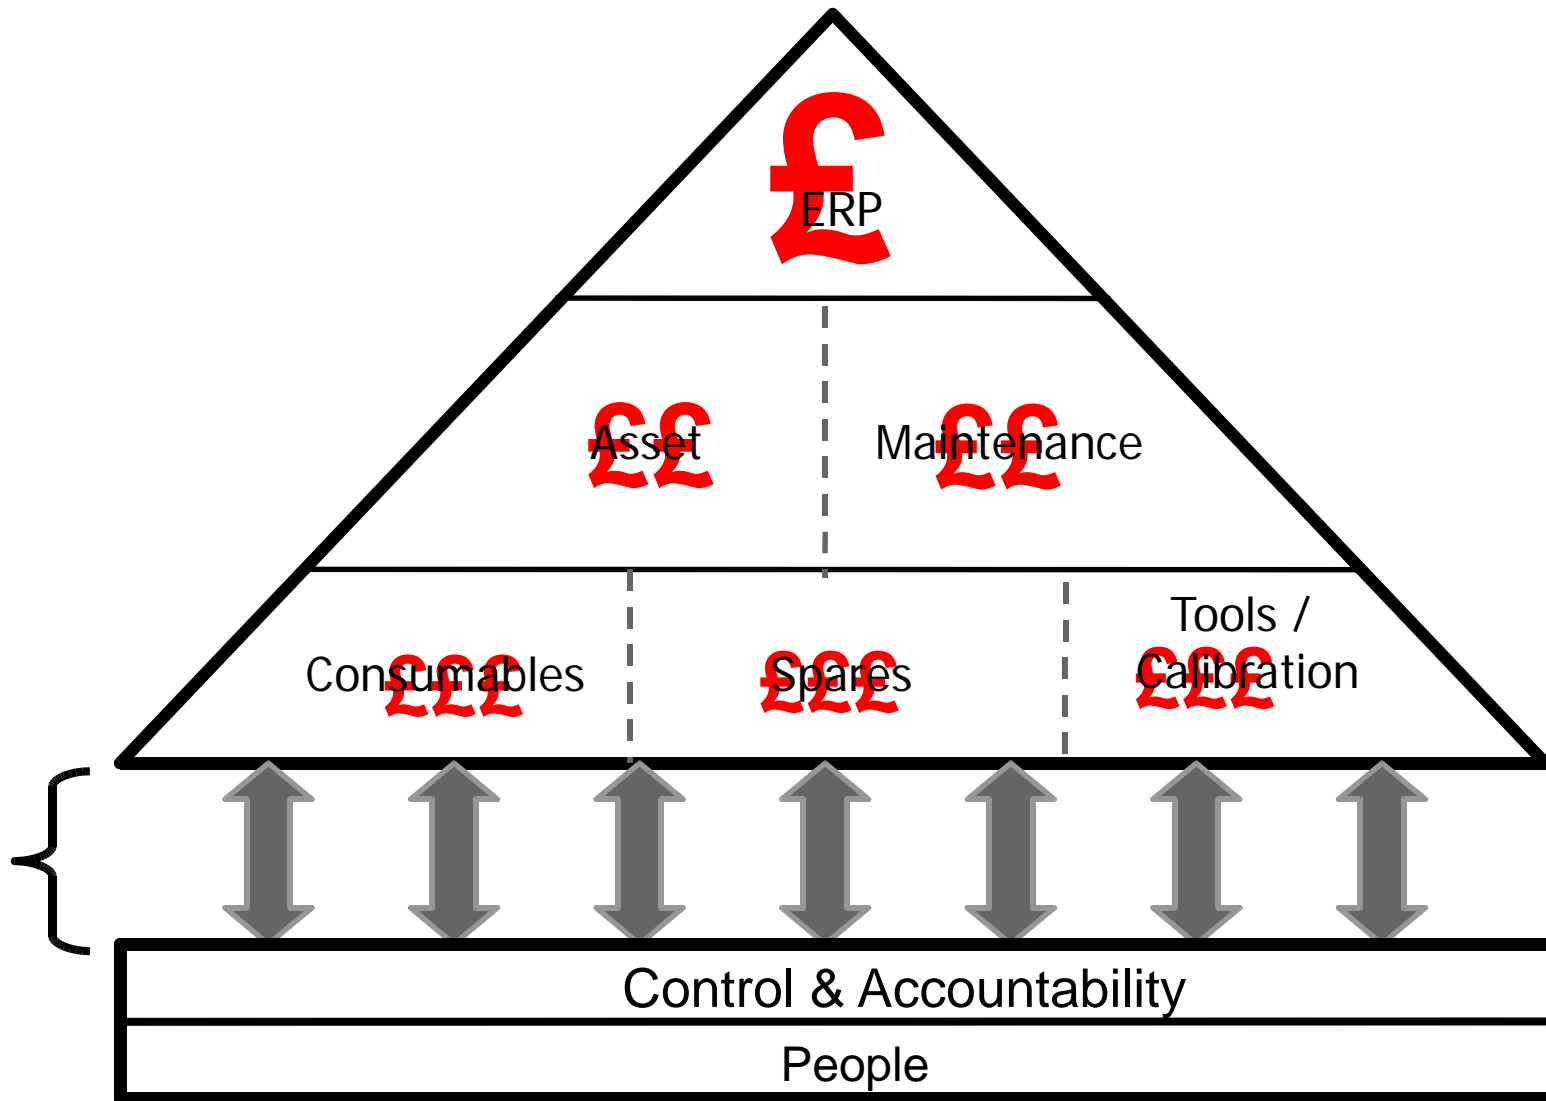

**INVENTOR** 

**Absolute Accountability at Point-of-Use**

# 'Uncontrolled' Indirect Costs

---

# The People / The Culture

---

- The User
- Production
- Finance / Purchasing
- Health, Safety & Environmental
- Maintenance
- **Supplier**

# Utopia – Future Perfect

---

- Product Availability 24 \* 7
- Absolute accountability for all items consumed
  - User
  - Charge code
- Minimum stock holding
- No stock-outs
- Optimised replenishment schedule (one for now / one for later)
- Elimination of excess usage
- Access to products as close as possible to POU
- Optimum lifecycle alignment & performance
- No pilferage
- Reduction in slow moving / redundant stock
- Automatic re-order 'generation'
- No process overheads

# Inventor-e Solution

---

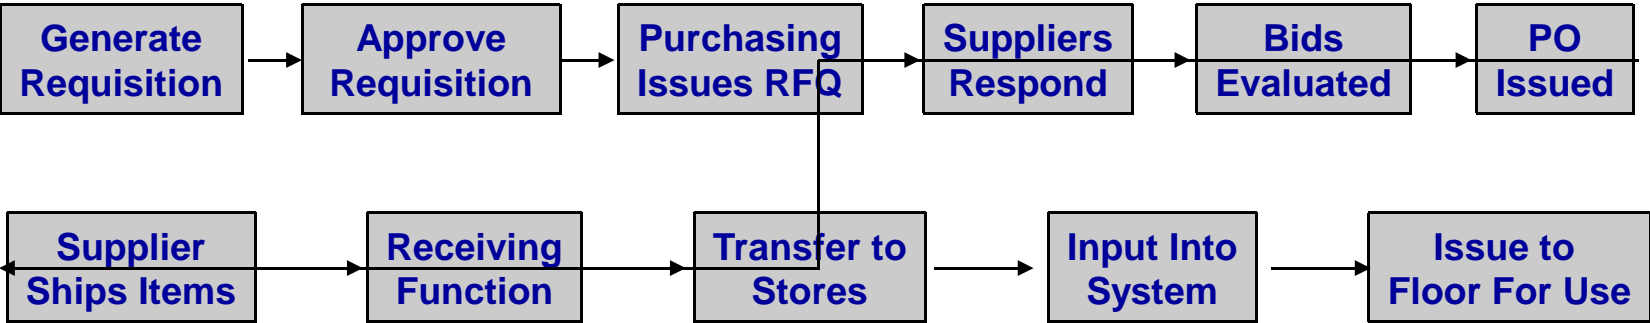

- Unique application of weight sensor technology
  - Recording actual transaction & volume
- Access Control
- Internet based solution
- 3G enabled
- Infinite variation of size & security levels
- Puts the responsibility for consumption directly with the consumer (a subliminal change of behaviour) .....

**Absolute accountability at POU**

# PURCHASING / NVA COSTS

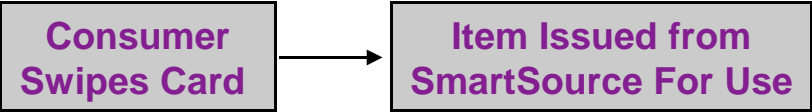

## Current Process

£60 & Cycle Time to Process Purchase Order

£40 & Cycle Time to Receive Order

## Inventor-e Process

# Two Categories of Reports

---

## ■ Reactive

- Who has taken what?
- When?
- Where is it now?

## ■ Proactive (bespoke)

- How much is it costing us?
- How long is it lasting?
- How often is it being used?

# Proactive Reports

---

## ■ Summary information

- User activity by:
  - Access to cabinet
  - Total transaction
    - By Occurrence
    - By Cost

## ■ Consumable consumption

- By user
- By part
- By shift .....

# Cost Saving Iceberg

---

## **Physical / Hard Spend**

- Pilferage
  - Excess usage due to lack of management information
- 

## **Hidden / Soft Costs**

- Supply Chain Inefficiencies
  - Visibility poor
  - Restocking high
- Inefficiencies in walk around time
- Management cost
- Litigation

# Introduction to Inventor-e

---

- British Products

- Conceived
- Designed
- Built

- Award Winning

- Patents Granted

- Culmination of 10 years
